

Bell Farm Primary School Freedom of Information Policy and Publication Scheme

Introduction

This is Bell Farm Primary School's Publication Scheme on information available under the Freedom of Information Act 2000. This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

The governing body is responsible for maintenance of this scheme.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *the classes of information which we publish or intend to publish;*
- *the format in which the information will be made available and*
- *whether the information is available free of charge or on payment.*

The scheme covers information already published and information that is to be published in the future. All information in our publication scheme is available in paper form obtainable from the school or on our website for viewing or to download if required.

Some information, which we hold, may not be made public, for example personal information.

2. Aims of Our School

Vision

We believe that to prepare all children for their future they are entitled to the best standards in education and we endeavour to achieve academic excellence at Bell Farm.

We aim to achieve our vision by:

Valuing our extensive grounds and striving to offer the best in outdoors education

Fostering community links at every opportunity
Being an inclusive school and providing excellent pastoral and well-being support

This publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

Who we are and what we do.
